

PLEASE SET YOUR SCREEN RESOLUTION TO 600 X 800

How can the federal government help our local high tech industry?

Thursday, April 18
7:30 pm
Nepean Sportsplex (Hall A)

**For more information call 992-2772.
Written submissions welcome.**

This community forum will address the strengths and weaknesses of the local high technology industry and what role governments should be playing in support, of this sector from the standpoint of tax policy, trade promotion,, education and training, research and development and support programs such as Technology Partnerships Canada and the Scientific Research and Experimental Development tax credit.
